

## **Humber College COVID-19 Return to Canada Agreement for International Students (Student Traveling to Canada for 2020-21 Academic Year)**

In light of the global COVID-19 Pandemic, Humber is following government instructions and those from the public health authorities to be able to resume in-person studies during the Fall of 2020. In order to come to campus, all students must read over and agree to the terms listed below. This agreement is mandatory for all non-Canadian resident students who will be traveling to Canada from their country of residence or elsewhere in order to study during the 2020-21 Academic Year. Failure to sign this Agreement or to respect Humber's directions will be grounds for discipline up to and including de-registration from Humber.

**I am a member of the Humber Community who has been admitted to, or continuing to study in, an academic program for study during the 2020-21 Academic Year that will require me to travel to Canada and to be granted entry to Canada for my studies. I understand that this privilege requires special care and attention to detail in light of the COVID-19 Pandemic. By signing below, I acknowledge and agree that:**

1. Canada, the Province of Ontario, the City of Toronto and surrounding municipal authorities have enacted special emergency measures, regulations, guidelines and directives for the purpose of stopping the spread of COVID-19 (collectively the "Emergency Measures"). I agree that I will take responsibility for learning, understanding and abiding by such Emergency Measures for as long as they remain in effect. I acknowledge that my compliance with the Emergency Measures is particularly important as an International Student at Humber and that Humber is being granted the right to host International Students for this Academic Year on the basis of compliance with the Emergency Measures. I agree to contact Humber should I have any questions regarding compliance with the Emergency Measures.
2. I agree to abide by the terms of the Humber Return to Campus Agreement if I am to partake in on-campus activities. I agree to **execute that agreement** before attending any Humber campus or other facility.
3. I agree to commit myself to following any order or direction given to me by any governmental authority of Humber regarding COVID-19 Pandemic safety measures.
4. I understand that I will be subject to special health and safety measures required by law that are specific to International Students **traveling** to Canada to commence or resume their studies during the COVID-19 Pandemic. Such measures are set out in detail in the guideline document appended to this Agreement. Of particular importance I agree to the following:
  - a. I shall not attempt to travel to Canada if I am experiencing COVID-19 symptoms or if I know myself to be infected with COVID-19;
  - b. I shall wear a mask during the entirety of my travel;
  - c. I shall self-quarantine for a period of fourteen (14) days upon arrival to Canada, meaning that I will remain in my place of residence, designated hotel space **or chosen quarantine location** for the entirety of this period unless I require medical attention;
  - d. I shall ensure that I have a suitable plan in place for my self-quarantine period that is acceptable to Humber before I depart for Canada and I understand that failure to do so could result in my being denied entry to Canada;

**\*\*This Agreement MUST be signed by all new and returning International Students immigrating to Canada during the 2020-21 Academic Year\*\***

- e. I may be asked to be isolated more strictly and for a longer period of time if I exhibit symptoms of COVID-19 during the period of self-quarantine;
  - f. I will immediately update Humber regarding any changes to my health condition **through the iCent mobile app or by phone;**
  - g. I acknowledge that Humber is required to monitor my whereabouts and wellness during self-quarantine and I agree to complete all correspondences, phone calls or other methods of checking in that Humber may require of me **including GPS location services in the mobile app during the quarantine period;**
  - h. During the duration of this Academic Year and while I remain in Canada, I will notify Humber immediately in the event that I test positive for COVID-19 or am exposed to a known case of COVID-19 and I agree to follow any direction given to me by Humber with regards to self-isolation or other required safety measures that may result. I also acknowledge that Humber is required to monitor my well-being throughout this period and I will comply promptly with all requests for updates or other communications from Humber. **Once the initial self-quarantine period is completed, GPS location services in the mobile app will not be used for monitoring.**
- 5. I affirm that I will promptly review all orientation and instructional materials provided by Humber related to safety and other COVID-19-related procedures as well as information about the currently applicable local COVID-19 restrictions (the Emergency Measures and other relevant materials).
  - 6. I acknowledge that Humber as well as governmental authorities may make updates without notice to me regarding the Emergency Measures, rules for on-campus activities and other items that may impact me and I agree to follow any such new rules, regulations or other directives.
  - 7. I acknowledge that health and safety are shared responsibilities between students and Humber and that if I fail to follow Humber's instructions regarding immigration, my return to campus or other responsibilities under this Agreement, I may not be permitted to remain in Canada for my ongoing studies.
  - 8. **I acknowledge that I may incur additional expenses as a result of pandemic conditions and that I have the means to pay those expenses without further financial support.**

Acknowledge and agreed.
